"Faulty Nutrition and Elimination"-these are the cause of the most of the ailments that afflict human beings. Too much indigestible food and lack of power to throw off the poisons that come from indigestion -these lead to a long line of distressing disorders.

Avoid them by eating Shredded Wheat Biscuit -a simple, elemental food that contains all the bodybuilding material in the whole wheat grain, including the bran coat which keeps the intestinal tract healthy and clean. Delicious for any meal with sliced peaches or other fruits. Made at Niagara Falls, N.Y.

level and in the same exceedingly rich ore, and of course increasing the tonnage in sight tremendously. The article in itself was really

intentionally misleading and I consider it my duty to make this correction. However, the United consider it my duty to make this correction. However, the United Verde Extension requires no champion, the development of the wonderful ore body is all sufficient evidence in itself, and I speak from personal observation as to its great importance, and it is conceded by all authorities in mining who have had the privilege of underground inspection that the of underground inspection that the United Verde Extension possesses one of the most wonderful ore bodies that has ever been exposed in any part of the world, and more-over the ground has inquestionably still further and greater pos-sibilities outside of what have al-

ready been put in evidence.

UNITED VERDE EXTENSION

A Correction

In reference to an article concerning the United Verde Extension which appeared in the mining news department of Sunday's issue of The Republican, I wish to

issue of The Republican, I wish to state that the reference to its source, viz. "The New York Commercial" was inadvertently omitted, as was also my personal comment upon the article.

The article was evidently written in an endeavor to belittle and disparage the property referred to, and probably for stock manipulation purposes.

The present estimated value of the stock in the article is based on the development of the ore body down to the 1,400 foot level, and absolutely ignores the development of the ore body in the winze which is now down 110 feet below that level and in the same exceedingly

MEET HERE SATURDAY

Under direction of the committee on mines, the Chamber of Commerce will entertain the members of the Institute of Mining Engineers, who are arriving today at Douglas, and will hold peripatetic meetings all the way to the Grand Canyon.

They will be in Phoenix Saturday, arriving via the Apache Trail in automobiles. A short meeting will be held here that day and the following morning will be shown about the valley in motor cars by local friends.

There will be 165 members of the party, more than twice the number of

party, more than twice the number of geographers who visited the valley and the dam by automobile three years

Their sessions will occur in Doug-las, Globe, Proenix and Jerome, and they will end their visit by a tour to the Grand Canyon before dispersing.
